## Lamella rivets

## Safety rivets

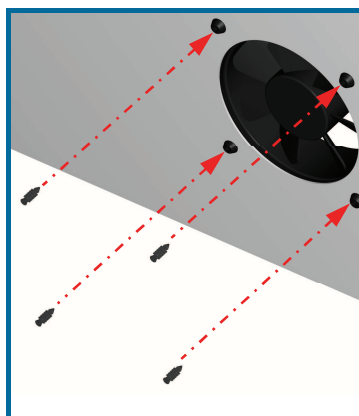

With our specially developed lamella rivets customary guard grills can be fixed while plugging-into the drilled holes of the fan sleeves pegs.  
 But just valid for type LM-40-xx to LM-92-xx.

## Lamella rivets Article no.

LN-36-01

The specially developed safety rivets can be plugged-into the drilled holes of the fan sleeve pegs.  
 But just valid for type LM-40-xx to LM-92-xx .  
 The thus fixed fans will survive drop- and vibration tests under extraordinary conditions.
